Subject: RE: Musical Events

Hi Julie (***Solihull Music Service – Office Manager***)

I just wanted to give you a bit of feedback from the event last week (17th). It was a really great evening. It was wonderful to see so many youngsters enthused about playing a musical instrument. They all seemed to be able to follow their own particular tune and also to enjoy the other groups playing. The older students were amazingly good and the Town Hall was an ideal venue for their talents to be shown.

The music tutors must work really hard to get round all the schools and they should be congratulated on a good job. I know that finances are tight within all departments of the council and that makes their success all the more outstanding.

Thank you for sending me the two tickets - I will definitely go again.
