

Statement of Reason

Location: Meriden Drive, Fordbridge

Statement of Reason:

The existing waiting restrictions on Meriden Drive were introduced to manage parking congestion associated with the school which was located on the corner of Fordbridge Road and Meriden Drive. The school has been closed for a number of years and Solihull Community Housing offices are now located here.

Councillor Evans has requested that the existing waiting restrictions be removed to provide more on street parking opportunities for local residents. It is anticipated approximately six additional vehicles would be accommodated on the Public Highway.

Recommendations:

Amending the existing waiting restrictions on Meriden Drive and Fordbridge Road, as shown on Plan No. 7517, will increase opportunities for on street parking for local residents. It is recommended that waiting restrictions remain in the vicinity of the junctions to maintain visibility and access and enhance road safety for all road users.

Ward Member Views:

The ward members have been advised of the proposals and no adverse comment has been received.
