

**Wednesday 11th February - Songs from musicals reviews.**

Just another email to say thanks again for all you and the staff do for the children.

Last night's performance was absolutely brilliant and we all really enjoyed it.

What made it so special for our family is that the children's grandparents came along to see an SMC performance for the first time and absolutely loved the show, as you know 2 of them have their special birthdays soon (80 and 83.... My mother is also 80 in September) and they came away as excited as the children. My Sister and Brother in Law also came and both said they'd like to go back and see it again and would recommend it to others. There was something for everyone and too many highlights to list.

So thanks again, I know it wasn't easy to put this together in such a short time and you and the team really did work miracles, but it really did showcase the diversity of classes on offer at SMC.

Niamh was still floating on air this morning, she loved the whole experience, but then had the sulkiest face I've ever seen when she realized there was no SMC for 2 weeks, she literally counts down the days until Saturday and has loved the extra lessons this term. The students you teach are a real inspiration and so supportive of each other, we are very lucky to have found out about you all.

Have a great Half Term, you deserve it...

Hello Mr Jones

Sorry it has taken me a while to get in touch but I wanted to let you know how fantastic I thought the show was last week. I was most impressed with the talent shown and it was great to see how much the children were actually enjoying performing.

I was thrilled that Olivia had the confidence to sing a solo, especially considering she is still in primary school and has only been at your Centre since the new term in January!

She really enjoys the atmosphere on Saturday morning and says how lovely all the teachers are.

I think you are doing a wonderful job heading the centre.

Many thanks
