Introduction

Section 88P of the School Standards and Framework Act 1998 (the Act) requires every local authority to make an annual report to the adjudicator. The Chief Schools Adjudicator (CA) then includes a summary of these reports in her annual report to the Secretary for State for Education. The School Admissions Code (the Code) sets out the requirements for reports by local authorities in paragraph 6. Paragraph 3.23 specifies what must be included as a minimum in the report to the adjudicator and makes provision for the local authority to include any other issues. The report **must** be returned to the Office of the Schools Adjudicator by **30 June 2017**.

The questions have been revised for 2017 with the purpose of:

- a) making the information gathered statistically robust and as useful as possible to the local authorities which provide the information; that is: the Office of the Schools Adjudicator (OSA) which receives the information; the Department for Education (DfE) to which the CA provides her annual report; and the children and families for whom the Code is designed to make sure that places are allocated and offered in an open and fair way;
- b) minimising the work required by local authorities in providing information; and
- c) avoiding duplication of effort.

This revised format therefore, in addition to statutory requirements as described in the Code, explores: points raised by local authorities in previous reports and matters which have arisen in the CA's Annual Report and areas of interest to the DfE. If information is already collected elsewhere, such as the number and type of schools and data relating to appeals, then it is not asked for again here but will be available for inclusion in the CA's Annual Report.

It is a requirement of the Code that there is information in the local authority's annual report about how admission arrangements in the area of the local authority serve the interests of looked after children and previously looked after children.

2. Children with disabilities and children with special educational needs

It is a requirement of the Code that there is information in the local authority's annual report about how admission arrangements in the area of the local authority serve the interests of children with children with disabilities and children with special educational needs.

Children with disabilities and/or special educational needs are not given priority in the admission arrangements of any schools in our area. It is therefore, not possible to make a judgment.

3. Consultation

Paragraph 1.44 of the Code states who needs to be consulted if consultation on admission arrangements is required. The CA has noted that these requirements are not always fulfilled in the arrangements which come to the attention of the OSA and, in particular, consultation with parents is not always as full as it should be. The OSA therefore wishes to get a better understanding of the wider situation and provide examples of good practice.

- a. When did the local authority last consult on its arrangements?

Please provide the year.
