Referendum Question

You will be invited to vote yes or no to the following question:

Who is eligible to Vote?

You are eligible to vote if you satisfy all of the following:

General Background Note on Neighbourhood Planning

Neighbourhood planning was introduced by the Localism Act 2011. It enables Parish/Town Council's and local communities to prepare a neighbourhood Development Plan (NDP) which can shape development and growth in their local area. The body that undertakes to prepare a NDP is known as the 'Qualifying Body' which in this case is Meriden Parish Council. If adopted the NDP will become part of the adopted borough wide development plan and will be used to assist Solihull Council in making decisions on planning applications.

A NDP is intended to be community led and should contain policies to guide the future use and development of land within the defined 'Neighbourhood Area'. The NDP must meet specified 'basic conditions' as described earlier in this information statement, including that it must contribute to the achievement of sustainable development and be in general conformity with policies of the adopted Solihull Local Plan that was adopted in December 2013.

Neighbourhood Area

The Neighbourhood Area is the geographic area that the NDP relates to. It can relate to single streets or large urban or rural areas. The boundary is put forward by the Qualifying Body when applying to the council for formal designation of a neighbourhood area. In this case the area is defined in the attached plan.

Referendum Area

The referendum area, as attached, is identical to the area designated as the Meriden Neighbourhood Area.

Adopted Local Plan

Planning applications are determined by the Local planning Authority in accordance with the development plan. This comprises a suite of documents that set out the policies for the development and use of land across the whole of the local authority area. The current development plan is the Solihull Local Plan that was adopted in December 2013. A NDP that achieves more yes votes than no votes in the referendum is then adopted ('made'), by the Council as part of the adopted local plan.
