

## WORK TO NON-DOMESTIC BUILDINGS

(excludes new dwellings, domestic extensions and alterations)

### Standard Charges

These fees relate to the actual costs of providing the service and are intended to achieve full cost recovery, so that service users pay the full cost of the service they receive.

The following table sets out the standard fees for new, altered or extended non-domestic buildings. These charges are set on the basis that the design and construction of the building work does not consist/include innovative or high risk construction techniques, is undertaken by a person or company that is competent and the duration of the work from start to finish does not exceed 12 months.

Value of work £	Plan Fee	Inspection Fee	Building Notice Fee	Regularisation Fee
≤ £10,000	£431	Included in plan charge	£430	£474
≤ £25,000	£575	Included in plan charge	£575	£635
CHARGES WILL BE INDIVIDUALLY DETERMINED FOR PROJECTS OVER A VALUE OF £25,000				

Charges include VAT at the current rate with exception of regularisation fees which are VAT exempt.
