Once the Tag is placed, it will show against the title.

You can also see the Tags and titles against those Tags in your Shelf, shown with this symbol.

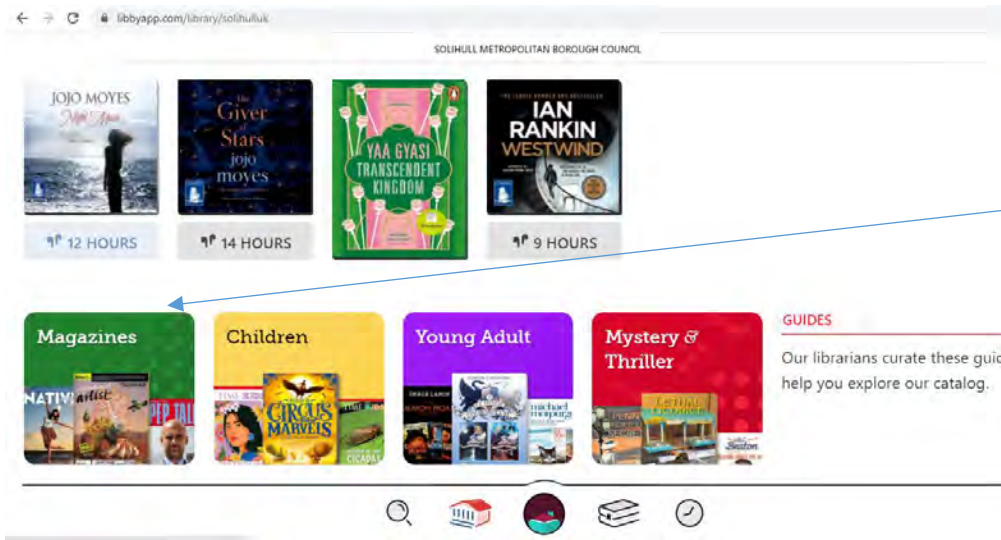

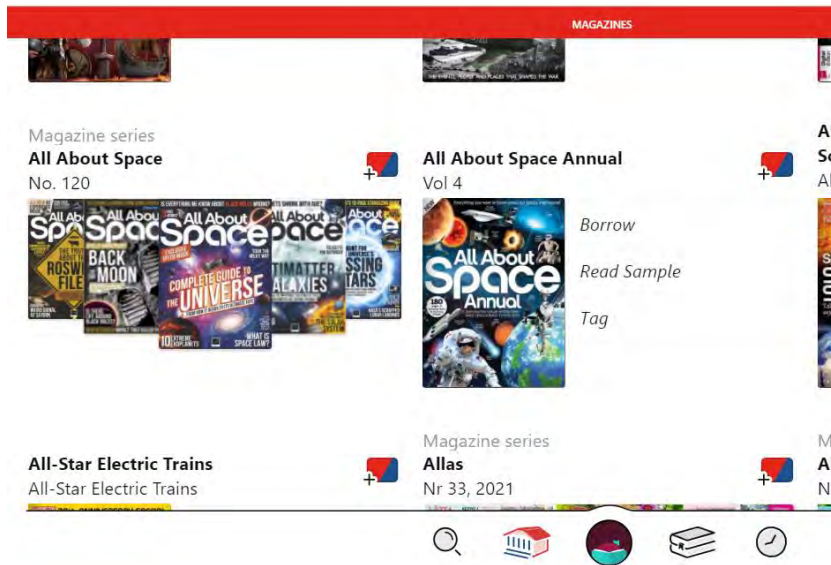

In your Shelf, the number of your Loans, Holds and Tags will show.

Click on Tags and the Regular and Smart Tags will show, you can then jump to the titles in each list.

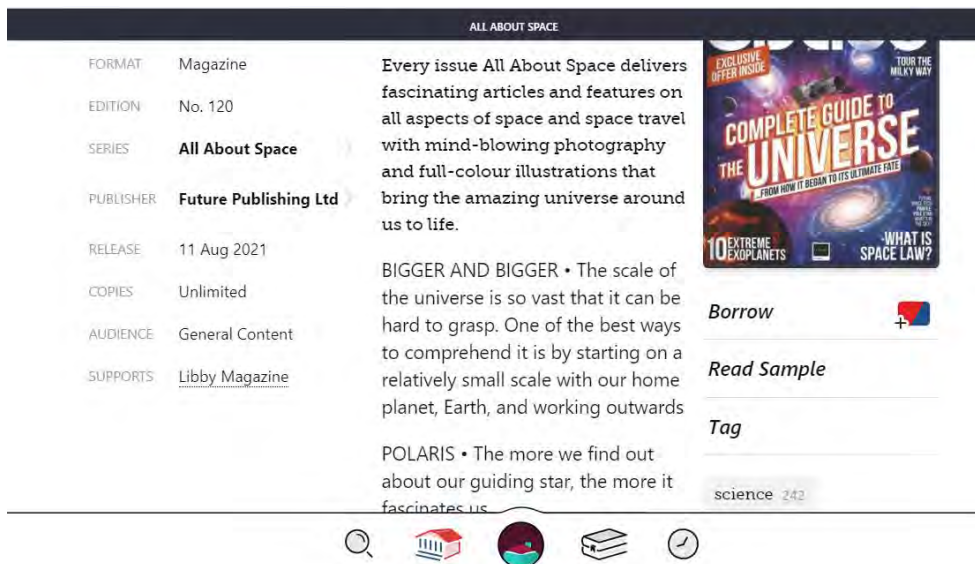

Creating a Smart Tag to be notified of new magazine issues

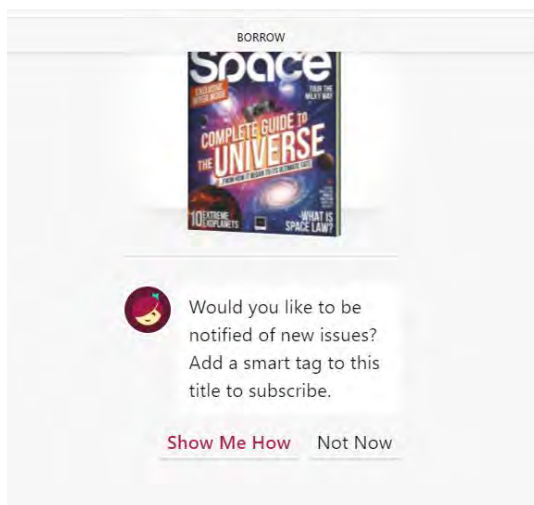

You can find details of the over 3000 magazine titles available to borrow from the Libby front page or by clicking on the Magazines separate page.

Click on the magazine title you are interested in.

Borrow the magazine and you will be prompted to set a Tag. If you have already set up the Tag for other titles, you can click on Tag and assign the Tag to this title.

After clicking on Borrow you will be prompted to set up an alert. Click on Show Me How to do this.

New Tag

A Notify Me tag will let you know when one of your libraries acquires titles in a series, or by the same author.

You'll receive a push notification or email when new titles are added.

[Create A Notify Me Tag](#)

A further explanation will follow.

At the moment the Notify Me tags are not able to cover books and audiobooks but this is being worked on.

Click on Create a Notify Me Tag.

New Tag

New Issue

Tags can be anything! A few ideas:

Notify Me

CREATE

Call the Tag what you want, this one is New Issue, then Create.

Notifications will appear:

- On your tablet with other notifications eg news
- Under the large symbol in the middle of the menu buttons (ringed). A number of notifications will show, click on the symbol and the notifications will show here
