

## 52 Things to Support your Child's Speech and Language Skills.

### Big Ted, Little Ted.

Play this game to help your child learn to follow short instructions that involve the words 'first' and 'last'.

You will need a big and little soft toy and a sponge or a flannel. Tell your child that you are going to pretend to give the teddies a bath. Give your child instructions to wash different parts of the bear's body using the words;

**'first' and 'last'.**

**"Wash little teddy's tummy first and then his toes last."**

**"Wash big teddy's nose first and then his ears last."**

Let your child be teacher and tell you what to do. You may have to remind your child to tell you both instructions in one sentence.

**Make it easier:**

- **Get your child to copy you doing the actions first.**

**Make it harder:**

- **Introduce more toys and a towel to dry parts of the teddy's body.**
