

52 Things to Support your Child's

Speech and Language Skills.

Relatives Restaurant!

Using a variety of play food or real food, plastic plates, plastic cups and plastic cutlery to set up a restaurant. This can be set up on the floor by laying down a tea towel or on a small table. The children to serve their family in the restaurant.

Make it easier: Children to name the items in the restaurant i.e. plate, bread, cup etc.

Make it harder: The children and adults to take on a different role. Use dialogue to model how to order the food or take an order e.g. "Can I take your order?", "I would like... please" It really helps children to link the words together when it is modelled to them.
