

SPI Team Family Group

Wow! How fantastic that our SPI Team family group has been running for over 12 years now!

What our family group offers:

*A relaxed space for any family supported by the SPI Team to attend – “pop in” for a short visit or stay for the whole session. Families who attend are predominantly families with Pre-school children, however, we do welcome school aged children too

*An opportunity to meet other families supported by our Team and/or talk to Teachers and Inclusion Support Practitioners on the Sensory Team

*An Audiologist from Heartlands Hospital will always be there to take new Mould impressions for Hearing aid users

*We invite a representative from the NDCS (National Deaf Children's Society), to come and talk to families about this charity and what they provide

*On occasions, we invite a guest speaker (Older children talking about their own experiences, Christine Rocca music, Sense representative), a special guest (Hearing Dogs for the Deaf and Guide dogs) or we organise a themed group/local visit (Sheldon farm for example) and we are always open to other ideas...

Please ask a member of the team if you would like more information about this group
