

West Midlands Fire and Rescue Authority Finances 2022/2023

What does the Authority do?

The Authority is responsible for West Midlands Fire Service, which serves the West Midlands conurbation. In addition to providing an emergency response, your fire and rescue service provides you with fire safety advice to prevent death and injury from fire and also to prevent losses to business and amenities. We also provide fire safety advice and enforce fire safety legislation if required and we are actively involved in contingency planning arrangements.

We have a three-year rolling strategy and annual plan. This sets out how we intend to protect and serve you, the community of the West Midlands.

The Authority's vision is

"Making the West Midlands safer, stronger and healthier"

This is supported by our priorities:

Prevention - Delivering interventions which support safer and healthier communities.

Protection - Protecting life and property to make businesses stronger and communities safer.

Response - Dealing excellently with incidents within five minutes, to save life, reduce harm and protect homes and businesses.

We have an important role to play in helping people live safer, healthier lives and supporting West Midlands businesses and the economy to thrive.

Our Community Risk Management Plan (CRMP) identifies and assesses all foreseeable risks which our communities may face. This assessment informs our Service Delivery Model, priorities and how we use our resources to reduce risk and vulnerability across the West Midlands.
