The Plan

Who is involved in agreeing and supporting the plan

These are all the people who are part of the child's plan. They are the family members, professionals, and other important people who will have a role in working together to make sure that the child's plan is progressing.

Name	Contact Details	Relationship to Child/Children	Will this person visit the child / young person	Frequency
------	-----------------	--------------------------------	---	-----------

Identified Risks

These are the key areas for change that are being identified as the reason for this plan.

	What is happening now: Why are we concerned? What is the child/young person's experience right now? What is increasing risk, or why do we think that things need to change? Explain the concern for the child/young person.	Goal: Where do we want to get to? What do we want the child/young person's experience to be? What are the outcomes that we are trying to work towards? Explain what the situation would look like for the child/young person if things are better.

The Plan

Outcome	Action	By Who?	By When?	Progress Update	Status
---------	--------	---------	----------	-----------------	--------

Signs the plan is working: What things would indicate that this plan is making a positive difference for the child? How do we know that things are changing / improving?

Signs that the plan is not working: What things would be 'red flags' or make us concerned that something in the plan is not working, or things are getting worse for the child?	
If the current plan is not working, and concerns increase, what will the safety plan be?
