

EY TAC (Early Years Team Around the Child) Process REFERRAL ROUTE 1 (Health Visitors/Health Teams only)

Child 0-4yrs Criteria for referral to EY TAC –

- Is the child pre-school age?
- Do they meet this criterion?
- Do you have parental consent?
- **3 or more** areas of significant developmental delay (communication, fine & gross motor skills, sensory, problem solving/learning/play, personal & social – linked to ASQ and early years child development)
- **0 – 2 years:** 6-month delay in at least 3 areas
- **2 – 3 years:** 6–12 months delay in at least 3 areas
- **3 years+ - school entry:** 12-month delay in at least 3 areas

What support does the child need?

- Early Years Team - home support in either a parent/ carer's home or a child minder home.
Children are supported in their home by an Early Years Inclusion Support Practitioner or Early Years Area SENCo in setting – but not usually both.
- Or**
- SISS: Sensory and Physical Impairment- does the child have a physical disability, a hearing impairment, visual impairment, or multi-sensory impairment?
 - Solihull Speech and Language Therapy where the child may be experiencing difficulties with communication.

Referrals are accepted from health and education professional when a young child has complex needs.

If you are not sure about submitting an EY TAC referral, then please contact Solihull practitioners who may be working with the child/ setting or through the contact methods below.
