

# Summer Workshops

**Support for students in Years 11-13**

To help you prepare for next steps, we will deliver a series of workshops covering:

## Pathways

- Understand the pathways available after school or college, when and how to apply

## CVs and Interviews

- Identify what makes a great CV and draft your own
- Prepare for common interview questions for college, jobs and apprenticeships

## Apprenticeships

- Support with how to search and complete apprenticeship applications

## Application Support

- 1:1 session to support your application for college, university or apprenticeships

**Scan the QR code and sign up for workshops running from July through to early September.**
