Clinics and Support for Care Experienced Young People

September 2025

For Solihull Care Experienced Young People we have several places where you will be able to find support. To make sure you get the support you need please email ahead to let us know what you might want to talk about. This will allow us to make sure the right people are introduced and available to you. If you have a confidential or sensitive matter to discuss, a room can be booked for you.

You do not need an appointment to attend the below clinics.
