

Vision Statement

**Joint vision statement about moving from
Children's Services to Adult Social care.**

Difficult words are written in bold. There is a list of what the words mean at the end.

Vision statement

A vision statement is about what we want to achieve together.

As you become an adult, we will work with you towards your goals.

We will keep your wants and needs at the centre.

'I' Statement

In planning for my future, I know what will happen.

When it will happen.

Who I can talk to about this.

‘We’ statements

These are things that
Children’s Services and
Adult Social Care will do.

We will always listen to
you.

We will be honest with
you.

We will work together to provide your care.

We will make sure you feel heard.

We will include you in decisions.

We will give you
somebody that you can
talk to.

We will help you find the
right support.
