1. INTRODUCTION

- 1.1. The Medium Term Financial Strategy (“the MTFs”) describes the national and local environment within which the Council operates, and highlights the key financial challenges and opportunities facing the authority over the medium term.¹ The MTFs is supported by more detailed publications covering the revenue budget and the capital and treasury management strategies. This revenue budget provides more information on the budget for the coming year, including breakdowns of the budget by cabinet and directorate, and details the financial pressures, savings and funding forecasts included within the revenue projections over the period from 2025/26 to 2027/28.
- 1.2. The focus of this year’s budget process has been on delivering a balanced position for 2025/26, which has been achieved through the identification of substantial savings and a successful application to the government for exceptional financial support (EFS). There remains a substantial challenge for future years, with further savings to be identified for 2026/27 and 2027/28 and some significant risks on the horizon including reforms to local government funding distribution, a reset of business rates baselines and the end to the statutory override that permits DSG deficits to be carried forward as negative reserves. Work to address the budget challenge will be overseen by the Corporate Delivery Board (CDB).
- 1.3. The budget for 2025/26 is £202.588 million, an increase of £2.684 million (1.3%) compared to the budget for 2024/25. The table below shows the annual movement in the budgeted funding requirements over the medium term and how these are planned to be met.

¹ The Council’s MTFs and other financial documents are available on the Council’s website: <https://www.solihull.gov.uk/About-the-Council/Financial-documents>

- 1.4. The business rates figure included in the MTFs represents the local share of the business rates income that the Council forecasts it will collect in the year, reduced by the tariff payable to central government and by the amount that it is estimated the Council will pay to the WMCA as part of the devolution deal, to support its investment programme. Through the WMCA's trailblazer devolution deal, the West Midlands authorities have secured the continuation of 100% business rates retention arrangements for ten years. The government has committed to a reset of business rates baselines from 2026/27, as part of a wider review of the distribution of local government funding, but until detailed proposals are published the impact cannot be assessed with any confidence.
- 1.5. The table below shows the breakdown of the net retained business rates income included in the 2025/26 budget, which is £1.450 million (2%) lower than the equivalent figure for 2024/25.

	2025/26 £000

- 1.6. In respect of council tax income, the MTFs assumes sustained growth in the tax base and further increases in council tax of 4.99% per annum in 2026/27 and 2027/28. The Council continues to set one of the lowest Band D council taxes of all metropolitan districts and was the fifth lowest out of 36 in 2025/26, well below the metropolitan district average, as shown in the chart overleaf.

Assumed increase in council tax	4.99%	4.99%	4.99%

2.2. The figures in the table above are based on the following assumptions for planning purposes:

- An annual council tax increase of 4.99% each year, including 2.00% for the adult social care precept.
- Annual increases in the tax base, based on housing growth forecasts and subject to the cost of the council tax reduction scheme, and a council tax collection rate of 98.81%.
- Estimated retained business rates income based on government assumptions for inflation and anticipated business developments. A reset of the business rates baseline is anticipated to take effect from 2026/27 but at this stage the net impact is assumed to be nil.
- An increase to the pay budget of 2.8% in 2025/26 and 2.0% per annum thereafter.
- Inflationary increases relating to specific strategic contracts of 3.0% for 2025/26, 3.0% for 2026/27 and 2.9% thereafter.
- Inflationary increases relating to children's placements of 4.0% per annum.
- A 10% average reduction to budgets for gas from April 2025, followed by increases of 4.0% in 2026/27 and 3.0% per annum thereafter; and a 5% average increase for electricity from October 2025, followed by increases of 5.0% in 2026/27 and 4.0% per annum thereafter.
- In line with the Council's fees and charges policy, opportunities to optimise income are considered as part of the annual budget setting process. Forecast income inflation is linked to the assumed council tax increase over the period of the MTFS.
- An annual increase of 3.0% in the transport levy paid to Transport for West Midlands (TfWM).

2.3. These assumptions will be reviewed during the course of the year and revised as necessary, with any impact on the medium term financial strategy addressed through the budget process for 2026/27.

3. SAVINGS AND MITIGATIONS

- 3.1. The table below summarises the new savings identified as part of the 2025/26 budget process by category. More detail is provided by directorate on pages 10 to 25.

- 3.2. In addition to these savings, measures were identified across service areas to mitigate forecast service pressures, building upon those identified in the 2024/25 budget process. These mitigating actions included maximising grants, reviewing income opportunities, releasing reserves and looking for efficiencies in service delivery. A breakdown by category of the mitigations built into the MTFS is shown in the table below.

Mitigations	2025/26 £'000	2026/27 £'000	2027/28 £'000

Total	(21,823)	(29,102)	(26,602)

- 3.3. Years two and three of the MTFs include targets for the delivery of further savings in order to balance the budgets in those years. The CDB will focus on the identification of savings to achieve these targets, with work on this commencing in March 2025. The board will also oversee the delivery of the savings and mitigations summarised in the tables above.

4. SUMMARY REVENUE BUDGET AND COUNCIL TAX

- 4.1. The Council's net revenue budget for 2025/26 is £202.588 million, which is divided between cabinet portfolios as shown in the table below.

	Budget 2025/26 £000	Equivalent Band D Council Tax £
Cabinet portfolios:

Collection fund (surplus) / deficit	7,986	99.04
COUNCIL TAX FOR SOLIHULL	141,561	1,755.66

- 4.2. The council tax requirement is calculated by deducting income from retained business rates and the surplus/deficit on the collection fund from the Council's net budget. The resulting figure is then divided by the tax base of 80,631 Band D equivalent properties to arrive at the Band D council tax charge for the year of £1,755.66 (excluding police, fire and parish precepts).

- 4.3. We also collect council tax on behalf of the West Midlands Police and Crime Commissioner and the West Midlands Fire and Rescue Authority. For 2025/26 those precepts have been increased to the Band D equivalent of £229.50 and £80.19 respectively. This results in an overall Band D council tax for Solihull taxpayers of £2,065.35 (excluding parish precepts).

	Council tax/precept £'000	Band D Council Tax £
Council tax for Solihull Council	141,561	1,755.66
Precepts on the Council:		
West Midlands Police & Crime Commissioner	18,505	229.50
West Midlands Fire and Rescue Authority	6,466	80.19
Total including Police & Fire	166,532	2,065.35

- 4.4. We also have a statutory duty to collect precepts on behalf of parish councils. The total precepts and charges at Band D for each of the parish and town councils in the borough are detailed in our council tax leaflet, available on our website: <https://www.solihull.gov.uk/About-the-Council/Financial-documents>.
- 4.5. The amount of council tax paid by residents is based on the value of the property they live in. Domestic properties fall into one of eight valuation bands, A to H. The council tax base for 2025/26 is 80,631, which represents the number of domestic properties in the borough expressed as equivalent to Band D properties. The level of council tax paid by a Band D property is converted to the amount payable by properties in other bands by applying the multiplier given in the table below.

Band	Multiplier	Council tax			Total (excl. parishes) £
		Council £	Police £	Fire £	
A	6/9	1,170.44	153.00	53.46	1,376.90

H	18/9	3,511.32	459.00	160.38	4,130.70

5. BUDGETS BY CABINET PORTFOLIO AND DIRECTORATE

- 5.1. The figure overleaf illustrates how the budget will be split over the different services provided by the Council. The tables on pages 10 to 25 provide the split on a directorate basis, as well as illustrating the build-up of the indicative revenue budgets and forecast reserve balances within each directorate.

Adult Social Care

The core role of Adult Social Care is to enable people to stay as independent and well as possible, for as long as possible. When people do need long term support, this is timely, proportionate, responsive, and good quality and enables people to continue to live their lives the way they want to.

Key functions include:

- Commissioning and developing strengths-based support for people with care needs.
- Promotion of wellbeing and prevention services.
- Protecting adults with care and support needs from abuse and neglect.
- Direct provision of services for people with care needs.
- Direct provision of mental health services.
- Integrated working with health partners to deliver the Better Care Fund Plan (BCF).
