						Each looked after children in the cohort receives their own parcel of books, maths games, stationery and other learning materials to support their numeracy and literacy and hopefully inspire a love of reading and engagement with numeracy. The parcels are also designed to encourage carers/families and their children to spend more time together reading and playing games. The children receive a parcel a month for six months and it may be the first time they have received a parcel or had a book of their own.

31/12/25	Solihull Metropolitan Borough Council	Solihull E08000029	SOL - 5660	SOL - Common Data Environment, Focussing on Building Information Modelling and Management	Resources	Solihull Council is looking to acquire a cloud based (SaaS) central data store that all consultants and stakeholders have access to, commonly marketed as a Common Data Environment (CDE). Solihull Council has special requirements, in that the product has to read and distribute a large number of file types, heavy with data and some of which are large in size. Some files are specific to the building industry and therefore need to be BS1192 and PAS1192-2 compliant.
