

## EXAMINER'S REPORT

### KNOLWE, DORRIDGE AND BENTLEY HEATH

### NEIGHBOURHOOD DEVELOPMENT PLAN

#### FURTHER INFORMATION REQUIRED OF THE NEIGHBOURHOOD FORUM

#### POLICY E1: Retention of Shops and Services and POLICY E2: new Development in Village Centres

These policies relates to the need to retain shops and services and encourage new retail and business uses in the village centres of Dorridge, Bentley Heath and Knowle. The centres of Dorridge and Bentley Heath are described in the supporting text and Knowle is referenced on a map defining primary and secondary frontages.

In the interests of the clarity of the policies I consider it also necessary to delineate the centres of Dorridge and Bentley Heath on a map in the same manner as Knowle. It is not necessary to highlight primary and secondary frontages if the Neighbourhood Forum does not consider that distinction is necessary in these smaller centres.

I would therefore appreciate receipt of a map of appropriate scales showing the centres requested for inclusion in the Plan.
