Statement of Evidence for Path Claim BAP 60 + SAP 79

- 1 The northern half of this path is shown on the deposited plans for the then proposed Birmingham and Leicester Railway 1845 where it is recorded as passing through two fields. Parcel 15 in Sheldon parish is described in the Book of Reference as "Footpath leading from the Mill to Tile Cross". (The documents are held by the Warwickshire County Record Office at QS111/150/1-3.) [N.B. The Surveyor of Highways is only recorded as a landowner in the case of roads in this document.]
- 2 The whole route is shown on the first edition of the Ordnance Survey six inch map (1887).
- 3 The path is shown on the 1937 Footpaths Map of Warwickshire (Section One) published by the Ramblers Association (Midland Federation). A note on the map states that "only those tracks, which, from the best information available, are understood to be reputed public ways" are recorded on it.
- 4 The south end of the path has been affected by a housing estate, but no Diversion Order has been found.
- 5 The path is recorded on the (undated) City Council map of public rights of way.
- 6 It is considered, therefore, that it is reasonable to allege that the route subsists as a public footpath and should be recorded as such on the Definitive Map.
