Downloading and using apps

If you wish, you can download the free RBDigital app for your device which will then allow you to read your magazines offline. You will need to log in with the same email address and password that you joined with, and then enter the library collection Solihull Library and Information Service. (This replaces the Zinio for Libraries app.)

Many more magazines are available for purchase from Zinio if you choose; the RBDigital app would not include these, but a general Zinio app is available from the iTunes and Google Play stores.

iPad users

Due to the way the magazines are displayed using Flash, iPad users may find it easier to read the magazines using the RBDigital or Zinio app.
